MORVACTM

20W40 4T STROKE ENGINE OIL

Multi-Grade Viscosity (20W40)

- Ensures smooth starting in cold conditions.
- Maintains proper thickness at high engine temperatures.

Designed for 4-Stroke Engines

- Suitable for motorcycles and scooters with 4-stroke engines.

Excellent Engine Protection

- Reduces wear and tear of engine components.
- Protects against friction and metal contact.

High Temperature Stability

- Performs well in hot weather and heavy traffic conditions.

Improved Engine Cleanliness

- Prevents sludge and carbon deposits.

Smooth Clutch Performance

- Compatible with wet clutch systems (common in bikes).

Reduces Engine Noise

- Ensures smoother and quieter operation.

Longer Engine Life

- Provides reliable lubrication for extended engine durability.

AVAILABLE IN: 500 ML, 900 ML, 1LTR

MORVACTM

10W30 4T STROKE ENGINE OIL

- **Multi-Grade Viscosity (10W-30)**

“10W” ensures easy cold starting and quick oil flow.

“30” maintains proper thickness at normal operating temperatures.

- **Suitable for 4-Stroke Engines**

Ideal for motorcycles and scooters with 4-stroke engines.

- **Better Fuel Efficiency**

Lower viscosity helps reduce engine drag and improve mileage.

- **Excellent Engine Protection**

Reduces wear and tear of engine parts.

Protects against friction and metal contact.

- **Good Temperature Performance**

Performs well in moderate and varying weather conditions.

- **Cleaner Engine Operation**

Helps prevent sludge and carbon deposits.

- **Smooth Clutch Performance**

Compatible with wet clutch systems.

- **Enhanced Engine Life**

Provides reliable lubrication for long-lasting performance.

AVAILABLE IN: 900 ML, 1LTR

MORVACTM

ANTIFREEZE CONC. COOLANT

- Prevents Overheating**

Absorbs excess heat from the engine and maintains optimal temperature.

- Prevents Freezing**

Protects the engine in cold weather by lowering the freezing point.

- Anti-Corrosion Protection**

Prevents rust and corrosion in the radiator and engine parts.

- Boiling Point Protection**

Raises the boiling point to prevent coolant loss in high temperatures.

- Prevents Scale & Deposits**

Keeps cooling system clean and free from mineral buildup.

- Improves Engine Efficiency**

Maintains proper operating temperature for better performance.

- Long-Lasting Formula**

Provides extended protection with longer drain intervals.

- Compatible with Radiators & Hoses**

Safe for rubber, plastic, and metal components

AVAILABLE IN: 1LTR

MORVACTM

20W50 API CD/SF CNG OIL

- **Specially Formulated for CNG Engines**
 - Designed to meet the lubrication needs of CNG-powered vehicles.
- **Excellent Oxidation Stability**
 - Resists oil thickening due to higher combustion temperatures in CNG engines.
- **Superior Wear Protection**
 - Protects engine parts from wear and tear.
- **High Thermal Stability**
 - Performs efficiently under high engine temperatures.
- **Low Ash Content**
 - Reduces spark plug deposits and combustion chamber buildup.
- **Cleaner Engine Operation**
 - Minimizes sludge and carbon deposits.
- **Improved Engine Life**
 - Maintains engine cleanliness and long-lasting performance.
- **Better Fuel Efficiency Support**
 - Ensures smooth engine operation and optimized mileage.

AVAILABLE IN: 1LTR, 2.1 LTR
